BENEFITS

As the first manufacturer of tile and stone installation systems, LATICRETE offers products that are independently tested and certified to the highest "Green" standards for low VOC in both commercial and domestic construction.

A wide array of low VOC products from adhesives and underlayments, waterproofing and crack suppression, thin-bed adhesives, medium bed adhesives and finally grout; LATICRETE® products contribute to project sustainability.

LATICRETE offers the most comprehensive warranties in the industry*. With over 60 years of successful installations, you can depend on LATICRETE for your tile and stone installation needs.

Hundreds of jobs around the world have achieved LEED points using the LATICRETE system and family of products. As many as 8 to 10 points can be earned depending on the products used and the type of construction.
