LATAFLEX Gold Adhesive

LATICRETE
®

Globally Proven Construction Solutions

FEATURES	BENEFITS
Tenacious bond with Anti Fracture performance	Superior adhesion to a wide variety of substrates and veneers, allowing for installations in virtually all climates and conditions.
30 minute open time	Increases productivity and flexibility on the job site, resulting in fast, accurate installations.
Smooth creamy formula	Easy to trowel adhesive assures proper coverage on both the substrate and the veneer, as well as reduces fatigue.
Specially formulated for porcelain tile	Excellent adhesion to dense tile and substrates.
Rubber polymer fortified thin–set	Flexible, high bond and reduces transmission of cracks when subject to horizontal in–plane movement.
Green footprint	Consumes recycled rubber.

Uses
- Designed for the installation of particularly non–porous tiles over a wide range of substrates
- Suitable for tile over tile application to internal installations*
- Not for use in immersed tile installations

Suitable Substrates
- Concrete
- Existing tiles*•
- Suitable waterproof membranes
- Screeds and mortar beds
- Concrete masonry
- Cement sheet†
- Gypsum wallboard•

Packaging
20 kg bag; 56 bags per pallet

Available Colour
Off–White

Approximate Coverage Per Bag

6 mm x 6 mm notched trowel	9 – 10 m²
10 mm x 10 mm notched trowel	5 – 6 m²

(Based on product wet densities with a trowel at 45°)
