254 Adhesive

254 adhesive is the ultimate one-step, polymer fortified, thin-set mortar for interior and exterior installation of ceramic tile, stone, quarry tile, pavers and brick.

Product Data Sheet DS 1166

FEATURES

- High Performance flexible cement based adhesive
- Easy to use
- Suitable for most substrates (including immersed installations)
- Part of the LATICRETE Systems Warranties
- Extended open time
- High tack, non-sag

BENEFITS

- Unsurpassed adhesion and excellent workability on multiple surfaces
- One-step, just mix with water — makes for great time saving on the jobsite
- Can be used for multiple projects — Suitable for interior and exterior use
- Performance backed by LATICRETE means peace of mind for trouble-free installations in both interior and exterior applications
- Increases flexibility and productivity on the jobsite which results in accurate installations
- Exhibits minimal or no sagging when applied in vertical or inverted applications

Uses

- Excellent for exterior and immersed installations. Ideal for swimming pools, spas, façades and areas requiring "Heavy Duty" applications.
- For permanent bond to exterior glue plywood (interior use).
- Use for just about any floor and wall installation where shock and impact installation is required.
- Where monolithic bonds are required to concrete and masonry backgrounds.
- The ultimate thin-set adhesive for reduced thickness porcelain, ceramic and glass tile.

Packaging

20 kg bag; 56 bags per pallet

Available Colour

Off-White or White

Applicable Standards

Meets and exceeds the requirements of AS ISO13007.1&2 as a C2TES2P2

Coverage Approximate per 20 kg bag - m²

NOTCHED TROWEL SIZE	COVERAGE
6 mm x 6 mm	7.5 - 8.5 m ²
10 mm 10 mm	4.5 - 5.5 m ²
12 mm x 12 mm	3.5 - 4.5 m ²

N.B: Coverage Calculated with the trowel held at 45°. Coverage will depend on how the trowel is used and surface regularity.
