**MORE THAN 40 COLOURS AVAILABLE**

The colour chart for grouts and sealants is indicative. LATICRETE® Europe Srl does not guarantee an exact match of actual colour shade with this chart or any other colour guide produced. The actual shade will depend on the product used, site conditions, lighting, application techniques, colour and nature of the coating. Carry out an off-site application test and assess colour suitability after drying. No claims of colour mismatch will be considered.

**SPECTRALOCK® PRO PREMIUM GROUT**

Three-component epoxy grout with ultra-high workability for joints from 1.5 to 12 mm in ceramic tiles, mosaics and natural stone, waterproof, stainproof, adjustable consistency, oxide-free, EN 13888 RG, patented technology.

Packaging: 3.2 kg pail (Part A 0.35 kg - Part B 0.35 kg - Part C 2.5 kg)

**SPECTRALOCK® 2000 IG**

Three-component epoxy grout with ultra-high chemical resistance for joints from 1.5 to 12 mm in ceramic tiles and natural stone, waterproof, stainproof, EN 13888 RG, patented technology.

Packaging: 11.2 kg pail (Part A 2x0.52 kg - Part B 2x0.98 kg - Part C powder 2x4.1 kg)

**PERMACOLOR® SELECT**

Rapid setting cement-based grout for joints of from 1.5 to 12 mm for ceramic tiles, mosaics and natural stone, water-repellent, flexible, fibre-reinforced, contains water-repellent natural STONETECH® and antimicrobial Microban®, EN 13888 CG2 WA, "Color Kit" patented technology. Packaging: box with 4 x 5.5 kg bags

**PERMACOLOR® SELECT FINE**

Rapid setting ultra-fine cement-based grout for joints of from 1 to 6 mm in ceramic tiles, mosaics and natural stone, water-repellent, flexible, fibre-reinforced, contains water-repellent natural STONETECH® and antimicrobial Microban®, EN 13888 CG2 WA, "Color Kit" patented technology. Packaging: box with 4 x 3.6 kg bags

**PERMACOLOR® (NEW)**

Rapid setting ultra-fine cement-based grout for joints of up to 10 mm in ceramic tiles, mosaics and natural stone, water-repellent, flexible, fibre-reinforced, anti-mould, EN 13888 CG2 WA. Packaging: box with 4 x 2.5 kg bags

**COLORBASE FS (NEW)**

Normal setting fine cement-based grout for joints of up to 8 mm in ceramic tiles, mosaics and natural stone, water-repellent, flexible, anti-mould, EN 13888 CG2 WA. Packaging: box with 4 x 5 kg bags and 20 kg bag.

**COLORBASE FL (NEW)**

Normal setting coarse grain cement-based grout for joints of up to 30 mm in ceramic tiles and natural stone, water-repellent, flexible, anti-mould, EN 13888 CG2 WA. Packaging: 25 kg bag

**LATASIL™**

Plastic-free silicone sealant with neutral curing, low module, fungicide, for ceramic tiles and bathroom fixtures, façades, natural stone and swimming pools. Packaging: 310 ml cartridge x 12/box

**LATASIL™ AC (NEW)**

Silicone sealant with acetic curing, low module, bactericide, and fungicide for ceramic tiles and bathroom fixtures. Packaging: 310 ml cartridge x 6/box  
It is advised to avoid using LATASIL AC when in contact with stone materials.
