

SPECTRALOCK® PRO PREMIUM GROUT is a high performance stain resistant epoxy grout featuring extraordinary uniformity and colour durability along with ease of use with a thixotropic formula.

- For joints from 1.5 to 12 mm
- High stain resistance
- Uniform colour
- Maintenance free and does not fade
- Ideal for use in constant immersion
- Long pot life
- Inhibits mould and bacterial stains thanks to the Microban® antimicrobial protection system
- Ideal for installations with broad temperature ranges
- Unalterable, long-lasting and resistant to cracking
