SpectraLOCK® PRO Grout†

Data Sheet 1200.0.me

FEATURES	BENEFITS
Exceeds ANSI A118.3 properties	Improved physical properties make installations with LATICRETE® SpectraLOCK® PRO Grout† stronger and more durable, with excellent stain and chemical resistance.
Ideal for floor and wall applications	One grout does it all; LATICRETE SpectraLOCK PRO Grout does not require an additive for wall or narrow joint installations.
Vibrant, consistent color	Perfect color uniformity; no blotchiness or shading, will not discolor from neutral household cleaners.
Ease of Maintenance	Never needs sealing; helps keep tile installation looking brand new for years.
Unique Design Capabilities	Optional LATICRETE SpectraLOCK Grout Dazzle component is a design element that compliments tile and stone; metallic accents, mother of pearl and glow-in-the-dark bring grout to the forefront; LATICRETE SpectraLOCK Grout Dazzle component offers up to 220 color combinations when mixed with LATICRETE SpectraLOCK PRO Grout.
